

### **MEETING NOTICE**

### ROSE HILL CITY COUNCIL REGULAR MEETING Monday, March 20, 2017 7:00 p.m. ROSE HILL CITY HALL/COUNCIL CHAMBERS 125 W. ROSEWOOD

### WORKSHOP

o 6 p.m. 2018 Budget: Project priority list review (Part II)

### AGENDA

- Call to Order
- Invocation and Flag Salute
- Consent Agenda
  - o Minutes
  - o Claims
- Citizen Forum
- Approval of Agenda
- Action Items:
  - 1. Review of options for financing sewer improvements
  - 2. Fireworks stand application
  - 3. Resolution for donation for Rose Hill Historical Society (Mohr)
- Staff Reports
- Adjournment

### Austin,

I like breaking out the priority list by category, I also added a category that I believe doesn't necessarily fall under the maintenance, growth or amenities but daily operations with expenses approved by council:

### <u>Maintenance</u>

Sewer line repairs Chlorine booster Old town water lines Storm water evaluation Street reconstruction

### <u>Growth</u>

Community marketing Retail growth Capital planning Cook airfield Multi-family housing ROW/corridor Community entrance signs (This one was a little difficult in that which comes first to make us attractive)

### <u>Amenities</u>

Spray park Green waste Master park plan 2<sup>nd</sup> SRO Senior Center Broadcast city council

Other Talent recruitment Balance budget Asset management Emergency management plan Replenish reserves GIS Alternate water source Street sweeper

Beth Pompa

City of Rose Hill KS

As requested in Monday night's meeting, below are my recommendations

Maintenance--Sewer Line Repairs #19 Alternative Water Service #24 Chlorine Booster #27 Back-up Generator at pump station #30

Growth--Retail Development #9 Community Marketing #6 Community Entrance Signs #3 Right of Way/Corridor beautifications #23

Amenity/Quality of Live--Master Park Plan #13 Green Waste Site #18 Spray Park #14 Senior Center #10

Should you have any questions, please let me know.

THANKS Roger Beth Pompa

Begin forwarded message:

From: Bill Baker Date: March 16, 2017 at 2:07:53 PM CDT To: 'Beth Pompa' <<u>Beth@cityofrosehill.com</u>>, 'Beth Pompa' Subject: FW: Priority List

Mayor Pompa

Per you're request the following categorize priority list is provided:

1. Financial ----- Balancing the city's budget

2. Maintenance ------ Repair of sewer lines pertaining to Priority 1 Improvements as identify by PEC

3. Growth ------ No response at this time. Currently the city is awaiting approval of NRP and the overall findings from Associated Integrated Marketing of Wichita Kansas

4. Amenities ----- No response at this time

Councilman Bill Baker

Ross?

	Row	Item #	2017 ?	2016 Rank	2015 Rank	Description	Summary	Status update for March 6, 2017	Category
	1	2014.10	Decide	6	10	Equipment Planning (Asset Management)	The City has recently started an inventory of assets that includes condition ratings, expected life cycles, maintenance costs, replacement costs, etc. Planning ahead for large expenses is fairly new to the City operation. This is important for the City to adequately budget for equipment replacement and avoid paying unnecessary interest through lease purchases.	Preliminary information was presented for the 2017 budget and will be updated for 2018 budget discussions. The City was not able to set aside funds for this purpose. For the time being, lease-purchases may be the only way to meet large equipment needs.	AII
5	2	2014.12	Decide	B	12	Geographic Information System	Most, but not all, of the City's infrastructure is mapped on paper. The data, however, associated with the infrastructure is not readily available limiting its usefulness to those who need it: developers, maintenance workers, and system engineers. The information is critical at many levels.	The City was able to acquire a basic platform and use County data for parcels. All electronic infrastructure maps, however, are not able to be converted. Staff is working on a method for collecting data to combine in- house work on this and contracting some of the critical components. Price estimates may be included in the big expense budget conversations.	AII
Bound	3	2015.14	Decide	14	New	Community Entrance Signs	This item was identified in 2015 as an effort to better market the community.	No direction was provided on this. To proceed with this item, cost estimates need to be prepared and incorporated into expense planning. To establish a price estimate, some decisions need to be made on the scope and utlimate goal of the project.	AII
13	4	2014.07	Decide	New	New		In accordance with the City's personnel policy on compensation, employee wages generally fall at the bottom of the City's pay scales and below the average for comparable cities. In order to maintain competitive compensation, consideration could be given to a market- based adjustment. The City revised its health insurance program in 2015, reducing premiums, increasing risk exposure, and improving accessibility. If the Council considers enhancing personnel compensation, it may also reap long-term benefits by helping with increased contributions to health programs.	Council did not fund any enhanced employee compensation for 2017. The City Administrator is recommending an across-the-board increase for 2018 and targeted increase for four positions that are below the City's ranges. The cost of these proposals will be included in budget conversations.	AII

Row	Item #	2017 ?	2016 Rank	2015 Rank	Description	Summary	Status update for March 6, 2017	Catagoni
5	2014.02	Do	2	2	Capital Planning	The City does not have an official capital plan, which would identify major pending projects for which the City can set savings and planning goals in the budgeting process. By law, capital plans have to be based on the City's comprehensive plan, which has not been updated since 2001. This list and current "big expense" planning efforts are preliminary items that likely will be in an official capital plan once the comprehensive plan is brought up to date.	The Comprehensive Plan process is ongoing. This priority list and big expense list conversations appear to be filling the need for the time being. Suggestions on how to better do this or expedite the official process are welcome.	IIV
6	2014.26	Do	23	26	Community Marketing	2014 strategic planning efforts resulted in identifying the need to craft a community marketing strategy.	The City engaged a marketing firm to assist with the comprehensive planning survey process and has been using them on a ad-hoc basis. The City also uses Lee Media Group for web-site related services. Until direction is provided for a comprehensive marketing strategy, staff is likely to continue using ad-hoc services as needed. Establishing a brand or cohesive mareketing strategy does not appear to be a priority at this time.	
7	2017.01	New	New	New	Broadcast City Council meetings	Council recently expressed a desire to be able to broadcast City Council meetings. A recommendation and cost estimate has been provided by the City's IT service with the cost at approximately \$60,000 to bring the City's meeting space up to par and broadcast meetings.	This item will be added to the expense planning list, but knowing its priority will help guide an implementation strategy.	
8	2014.18	Wait	15	18	Multi Family housing recruitment	One of the issues identified in the City's 2014 strategic plan is a desire for more multi-family housing, which can be more affordable. This was a possible need identified in the City's Economic Profile, reviewed in the first step of the City's comprehensive plan.	Council's direction to staff has been to wait.	
9	2014.19	Wait	16	19	Retail Development	With the 2017 NRP, the City now has an incentive to retail commercial development, but the City does not have an active recruitment strategy or effort. The City's street maintenance program is funded primarily through the collection of sales tax.	Council chose not to pursue the assistance of a retail recruitment strategy firm, and Council's direction to staff has been to wait.	

	Row	Item #	2017 ?	2016 Rank	2015 Rank	Description	Summary	Status update for March 6, 2017	Category
9	20	2015.09	Wait	9	New	Storm Water Evaluation	Council identified this issue during significant rainfalls in 2015, and the issue is reiterated as a concern in the draft Community Conditions Assessment. A number of localized storm water drainage issues occur during heavy rainfall, and the City has minimal storm water infrastructure. The City is requesting assistance from the City Engineer to help prioritize and plan for a comprehensive solution.	Council decided not to proceed with engineering evaluation and instead to continue case-by-case approach. The City eventually will need to take a comprehensive approach to this problem.	Stormwater
X	21	2015.13	Do	13	New	Street Sweeper	The City does not have a street sweeping machine. Currently the City is using a sweeper box attachment for its skid steer. A new machine is likely cost-prohibitive.	Staff has been addressing street-sweeping on a case-by- case basis.	Streets
Ś	22	2016.07	Do	NOW	New	Street Reconstruction	While the City has a plan and project schedule, the anticipated project costs are projected to exceed available revenue and no streets have been reconstructed since.	Pending further direction.	Streets
uores	23	2016.03	Decide	New	New	Right of Way/Corridor beautification	The City collects franchise fees for utility companies' use of the City right-of-ways. The Council increased the rate for electric utilities in 2015, which is likely to generate a funding source for right-of-way beautification improvements such as landscaping, lighting, burying power lines, and sidewalks.	Council may want to consider commissioning a formal plan in order to preserve the funding mechanism.	Streets/Parks
S	24	2014.24	Decide	11	24	source	Wichita is the sole provider of water for the City. The agreement with Wichita includes significant penalties or demand charges for consumption that exceeds the average winter consumption. This costs the City about \$50,000 each year. This item also is addressed in the draft Community Conditions Assessment section of the City's pending comprehensive plan.	Council decided not to continue discussions with Augusta. The City's contract with Wichita expires in 2022. Both Augusta and the City of El Dorado are	Water
0	25	2014.04	Wait	5	4	Water lines in "old town"	The City has approximately 3/8ths of a mile of 2-inch ABS (acrylonitrile butadiene styrene) water mains. This material was installed in about 1960 and is no longer used for conveyance of potable water. The material is brittle and inhibits street work and any other infrastructure improvements.	The CDBG grant program is not a good fit for this project. Council's direction to staff has been to wait.	Water

Row	Item #	2017 ?	2016 Rank	2015 Rank	Description	Summary	Status update for March 6, 2017	
IN F	RO	GR	ESS					_
26	2014.17	In progress	In progress	17	Comprehensive Plan	The City's comprehensive plan was last completed in 2001. State law requires updating this plan annually.	The City is in phase 3 of 4 on the plan. Results of the community survey will be forthcoming.	
27	2016.01	Decide	New	New	Chlorine Booster	The Kansas Department of Health and Environment recommended in its 2015 inspection report that the City consider adding this infrastructure to the City's intake from Wichita. The City is obligated by regulation to maintain proper chlorine levels but has no control over the chlorine levels in water provided by Wichita.	Preliminary estimates show this likely to cost about \$80,000 to \$100,000 to implement. City Council approved the scope for design, and designs are at 30% completion.	
28	2014.22	Do	18	22	Neighborhood Revitalization Plan	The City had a Neighborhood Revitalization program in which improvements to properties could be made without increasing the property taxes for a set period of time. The City's program included most of the "Old Town" area and any new construction. The City experienced an uprising against the program and abandoned it in 2014.	The Council re-adopted the NRP program in January 2017, and interlocal agreements are pending.	
29	2014.14	Do	4	14	City Code update	The City Code was last updated in 2003. None of the ordinances adopted since have been incorporated into the Code. The City Code is the collection of City laws essential to operation very important to keep current, accessible, and available to all. Currently, multiple versions are roaming about in folders throughout City Hall. This item is critical to transparency.	An overhaul of the Code has been abandoned. The current approach is to adopt the online version of the Code, which incorporates only statutory changes, and proceed on a policy-by-policy basis.	
30	2016.02	Decide	New	New	Back-up Generator at pump station	During the 2015 SCADA system upgrades, it was noted that the City has no backup power supply for its main water intake.	This item will be on the Expense Planning List.	
31	2014.27	S	11	27	Veteran's Memorial	City established a fund for donations to buy a statute to reside at the front of City Hall along with the names of soldiers.	Pending final inspection punch-list and payment.	

	Row	Item #	2017 ?	2016 Rank	2015 Rank	Description	Summary	Status update for March 6, 2017	Category
A	10	2015.21	Wait	21	New	Senior Center	Analyzing demographic trends in the City's Economic Profile portion of the comprehensive plan and the City's strategic plan, the future promises increased demand on senior services. The current senior center as part of its long-term planning efforts is hoping to partner with the City.	Council's direction to staff has been to wait.	Development
:	11	2014.13	Do	10		Balancing the City's budget	The City has operated with unbalanced budgets for many years. This creates confusion, an undue burden on staff, and distances the Council from its oversight role. The end result has led to deficit spending, depleted reserves, and a poor bond rating review.	Council's direction to staff has been to "do," but further direction is needed as to what other expenses need to be eliminated or revenues need to be increased in order to bring balance.	r -
1	12	2016.04	ß	New	New	Replenish reserves	The City's financial advisor in 2015 provided information from a preliminary review by Standard and Poor's review services that there are areas of concern regarding the City's historical budget, management function, and liquidity. Balancing the budget, adopting a capital plan, and replenishing the reserves reflect sound financial management recommendations and could result in reducing the cost of debt issuance.		Cinemaiol
1	13	2014.21	Wait	17	21	Master Park Plan	Recreation Commission is eager to help expand and enhance the City's parks offerings, but the Commission would like to see a master plan before making such investments. The City does not have a written master plan or a maintenance plan, but it is being included as an important component to the City's comprehensive plan.	The City is pursuing fixing the pond erosion problem identifed at the School Street Pond with franchise fee funds. Beyond that, Council's direction to staff has been to wait.	Darla
1	14	2014.24	Wait	21	24	Spray Park	A spray park, which is like a playground infused with water sprinklers, has been proposed as an alternative to building a swimming a pool to save costs while still supplying summer recreational activities.	Council's direction to staff has been to wait.	Darlos
1	15	2014.11	Do	7	11	Emergency Management Plan	The City does not have a written emergency management plan. State and County assistance programs are in place for large-scale natural disasters, but many smaller emergencies constitute significant risks that are outside the scope of immediate State and County assistance.	Council adopted resolution 567 making this a priority. The Police Chief and City Administrator are actively working with the County Emergency Management staff to work on a plan.	Public Safety

	Row	Item #	2017 ?	2016 Rank	2015 Rank	Description	Summary	Status update for March 6, 2017	Category
Ð	16	2017.02	New	New	1.1.1	Second School Resource Officer	The school and department appear to be interested in having a second officer to help serve the elementary and middle schools.	There may be an opportunity to partner with the school district on this. If Council is agreeable to considering this, cost estimates will be included in the big-expense budget conversation.	Public Safety
٩	17	2017.03	New	New	New	Police Records Management System	The current Records Management System is Custom Micro Inc. which RHPD has used since 2009. This system has limitations and currently does not interface with the state accident reporting system or our court software. The required submissions of our reports to the state are not user friendly and requires considerable staff time to manage.	Staff has identifed a solution in Interpol that offers features of data share of over 4.8 million records in the state of Kansas. Data can be searched for investigative purposes and meet the requirements of sending electronic reports to the state. This system is user friendly and technologically sound. Initial costs run approximately \$26,000. Year two (2) and on-going costs estimated at approximately \$6500 annually. If Council is agreeable to considering this, cost estimates will be included in the big-expense budget conversation.	
801 x	18	2016.05	Do	New	New	Green Waste site	The draft Community Conditions Assessment identified a common and recurring problem of mis-use of the City's green waste site. Staff has compiled a number of evidences in anticipation of regulatory questions and review.	Council enacted revised hours and operations, and Pleasant Township is proposing partnering with the City on a revised operation that includes incorporating township personnel, equipment, and citizens. If Council is agreeable to considering this, cost estimates will be included in the big-expense budget conversation.	Public Works
Prot	19	2014.05	Decide	3	5	Sewer Line repairs	The City has approximately 12,000 feet of sewer line that needs to be rehabilitated due to degrading clay tile lines that were installed in the 1950s. The City also has brick manholes in approximately 50 locations that need to be rehabilitated. If these items are not repaired, they eventually will lead to actionable environmental hazards.	Annual cleaning agreement was approved in 2015, and the second round is occurring in 2017. PEC, in	Sewer

Row	Item #	2017 ?	2016 Ran	2015 Ran	Description	Summary	Status update for March 6, 2017	Catagoni
39	2016.31	Remove	2.4	31	Cook Airfield	Cook Airfield operators and owners have expressed interest in partnering with the City.	If the City desires economic development and transportation assistance from KDOT, this item should not be disregarded.	
40	2014.30	Remove	25	30	Lies Land	The City is a future secondary beneficiary of approximately 100-plus acres of land southeast of the current city limits with the stipulation that it remain essentially undeveloped green space. The triggers for this gift are the passing of the current owner and departure of any primary beneficiary. This could happen soon or not, but there is no plan. An environmental study was conducted in 2013 with no significant findings.	Pending further direction.	
41	2014.32	Remove	26	32	Railroad Quiet Zones	Citizen Dory Hayes has requested that the City look into establishing quiet zones for the railroad. This is possible under the guidance established by the Federal Railroad Administration essentially the City would engage engineering services to analyze and devise the additional safety mechanism required at crossings to implement the quiet zone that would prohibit the trains from blowing the warning whistles.	Pending further direction.	
42	2016.06	Do	New	New	Water rate restructure	The 2015 utility rate review showed that the City's rate structure does not mirror Wichita's water rates in which water usage that exceeds average winter consumption triggers premium charges. The City's rate structure does not account for assessing the increased charge to users contributing to the usage exceeding average winter consumption.	Council consensus was that revising the structure to match Wichita's may be too confusing and costly for certain users.

Staff has compiled a number of evidences in anticipation of regulatory questions and review.	Council enacted revised hours and operations, and Pleasant Township is proposing partnering with the City on a revised operation that includes incorporating township personnel, equipment, and citizens. If Council is agreeable to considering this, cost estimates will be included in the big-expense budget conversation.	Public Works
19	2014.05	Decide	3	5	Sewer Line repairs	The City has approximately 12,000 feet of sewer line that needs to be rehabilitated due to degrading clay tile lines that were installed in the 1950s. The City also has brick manholes in approximately 50 locations that need to be rehabilitated. If these items are not repaired, they eventually will lead to actionable environmental hazards.	Annual cleaning agreement was approved in 2015, and the second round is occurring in 2017. PEC, in accordance with Council-approved scope, presented their initial evaluation findings at the Feb. 21, 2017, meeting. PEC is also planning to present an update on the needs for the City to meet the new limits for its discharge permit. These costs will be included in the big-expense conversation.	Sewer

Row	Item #	2017 ?	201,6 Rank	2015-Rank	Description	Summary	Status update for March 6, 2017	Category	
20	2015.09	Wait	9	New	Storm Water Evaluation	Council identified this issue during significant rainfalls in 2015, and the issue is reiterated as a concern in the draft Community Conditions Assessment. A number of localized storm water drainage issues occur during heavy rainfall, and the City has minimal storm water infrastructure. The City is requesting assistance from the City Engineer to help prioritize and plan for a comprehensive solution.	Council decided not to proceed with engineering evaluation and instead to continue case-by-case approach. The City eventually will need to take a comprehensive approach to this problem.	Stormwater	
21	2015.13	Do	13	New	Street Sweeper	The City does not have a street sweeping machine. Currently the City is using a sweeper box attachment for its skid steer. A new machine is likely cost-prohibitive.	Staff has been addressing street-sweeping on a case-by-	Streets	No
22	2016.07	Do	Nex	New		While the City has a plan and project schedule, the anticipated project costs are projected to exceed available revenue and no streets have been reconstructed since.	Pending further direction.	Streets S	(F)
23	2016.03	Decide	New		Right of Way/Corridor beautification	The City collects franchise fees for utility companies' use of the City right-of-ways. The Council increased the rate for electric utilities in 2015, which is likely to generate a funding source for right-of-way beautification improvements such as landscaping, lighting, burying power lines, and sidewalks.	Council may want to consider commissioning a formal plan in order to preserve the funding mechanism.	Streets/Parks	
24	2014.24	Decide	11	34	Alternative Water source	Wichita is the sole provider of water for the City. The agreement with Wichita includes significant penalties or demand charges for consumption that exceeds the average winter consumption. This costs the City about \$50,000 each year. This item also is addressed in the draft Community Conditions Assessment section of the City's pending comprehensive plan.	Council decided not to continue discussions with Augusta. The City's contract with Wichita expires in 2022. Both Augusta and the City of El Dorado are	Water	
25	2014.04	Wait	5		Water lines in "old town"	The City has approximately 3/8ths of a mile of 2-inch ABS (acrylonitrile butadiene styrene) water mains. This material was installed in about 1960 and is no longer used for conveyance of potable water. The material is brittle and inhibits street work and any other infrastructure improvements.	The CDBG grant program is not a good fit for this project. Council's direction to staff has been to wait.	Water	R

IN F	ROC	GRESS				1-	1
26	2014.17	In progress	Comprehensive Plan	The City's comprehensive plan was last completed in 2001. State law requires updating this plan annually.	The City is in phase 3 of 4 on the plan. Results of the community survey will be forthcoming.	AII	5
27	2016.01	Decide	Chlorine Booster	The Kansas Department of Health and Environment recommended in its 2015 inspection report that the City consider adding this infrastructure to the City's intake from Wichita. The City is obligated by regulation to maintain proper chlorine levels but has no control over the chlorine levels in water provided by Wichita.	Preliminary estimates show this likely to cost about \$80,000 to \$100,000 to implement. City Council approved the scope for design, and designs are at 30% completion.	Water	
28	2014.22	Do Do	Neighborhood Revitalization Plan	The City had a Neighborhood Revitalization program in which improvements to properties could be made without increasing the property taxes for a set period of time. The City's program included most of the "Old Town" area and any new construction. The City experienced an uprising against the program and abandoned it in 2014.	The Council re-adopted the NRP program in January 2017, and interlocal agreements are pending.	Development	ok.
29	2014.14	Do	City Code update	The City Code was last updated in 2003. None of the ordinances adopted since have been incorporated into the Code. The City Code is the collection of City laws essential to operation very important to keep current, accessible, and available to all. Currently, multiple versions are roaming about in folders throughout City Hall. This item is critical to transparency.	current approach is to adopt the online version of the Code, which incorporates only statutory changes and	AII	
30	2016.02	Decide	Back-up Generator at pump station	During the 2015 SCADA system upgrades, it was noted that the City has no backup power supply for its main water intake.	This item will be on the Expense Planning List.	Water	
31	2014.27	In progress	Veteran's Memorial	City established a fund for donations to buy a statute to reside at the front of City Hall along with the names of soldiers.	Pending final inspection punch-list and payment.	AII	N.

REN	10V	ED			-	
37	2014.20	Remove	Vision Team for Strategic Plan	The primary action item from the City's strategic plan was the formation of a Leadership or Vision Team to help bring some of the plan's goals and objectives into reality. Some of the goals and objectives are listed in this document. The function of the team would be to bridge gaps between community groups and provide advice and counsel to the City Council in implementing the goals and objectives.	Removed.	All
38	2014.23	Remove	Sidewalk master plan	The City's most recent sidewalk project, using the Safe Routes to School grant through the Kansas Department of Transportation, spurred a number of questions and complaints about the location of sidewalks and the process used to make those decisions. Prior to additional funds being invested in sidewalks, a plan needs to be assembled to avoid further confusion and problems.	A repeating request in modern communities are sidewalks and trails. It will be in the City's best interest to eventually have a master plan.	Streets

Row	Item #	2017 ?	2016 Ran	2015 Ran	Description	Summary	Status update for March 6, 2017	Category
39	2016.31	Remove	24	31	Cook Airfield	Cook Airfield operators and owners have expressed interest in partnering with the City.	If the City desires economic development and transportation assistance from KDOT, this item should not be disregarded.	nent
40	2014.30	Remove	25	30	Lies Land	The City is a future secondary beneficiary of approximately 100-plus acres of land southeast of the current city limits with the stipulation that it remain essentially undeveloped green space. The triggers for this gift are the passing of the current owner and departure of any primary beneficiary. This could happen soon or not, but there is no plan. An environmental study was conducted in 2013 with no significant findings.	Pending further direction.	All D
41	2014.32	Remove	26	32	Railroad Quiet Zones	Citizen Dory Hayes has requested that the City look into establishing quiet zones for the railroad. This is possible under the guidance established by the Federal Railroad Administration essentially the City would engage engineering services to analyze and devise the additional safety mechanism required at crossings to implement the quiet zone that would prohibit the trains from blowing the warning whistles.	Pending further direction.	AII
42	2016.06	Do	New	New	Water rate restructure	The 2015 utility rate review showed that the City's rate structure does not mirror Wichita's water rates in which water usage that exceeds average winter consumption triggers premium charges. The City's rate structure does not account for assessing the increased charge to users contributing to the usage exceeding average winter consumption.	Council consensus was that revising the structure to match Wichita's may be too confusing and costly for certain users.	Water

.

Hope this is what you are looking for. Let me know if you have any questions. Thanks.

### <u> Maintenance -</u>

- #1 Sewer line repairs
- #2 Storm water management (probably doesn't go in this category but listed it anyway)

### <u>Growth -</u>

- #1 Alternate Water Source
- #2 Community Marketing

### <u>Amenity -</u>

- #1 Spray Park / Park Expansion
- #2 School pond

### If I were to rank the priority list top 12 would be

- #1 Budget (can't do much without knowing what money we have/need)
- #2 Capital planning
- #3 Sewer repairs
- #4 Street reconstruction (people won't be able to buy or sell with poor streets. Property values

### suffer as well)

- #5 Reserve replenishment
- #6 Storm Water management
- #7 Equipment planning
- #8 Water line repair (I realize this probably has to happen at same time as the streets)
- #9 Backup generator for water treatment facility
- #10 Alternate water source
- #11 Community marketing
- #12 Spray park
- #13 Green Waste site (bonus pick!)

# MINUTES THE REGULAR MEETING OF THE ROSE HILL CITY COUNCIL MONDAY, MARCH 6, 2017 – 7:00 P.M. ROSE HILL CITY HALL/COUNCIL CHAMBERS

### **Call to Order**

The regular meeting of the Rose Hill City Council was called to order at 7:00 p.m. by Mayor Beth Pompa. Council members present, Roger Perryn, Ross Chappell, Kevin Mohr, Lionel Diamond and Bill Baker. Administration and staff present: Austin Gilley, City Administrator; Cindy Stone, City Treasurer, and Andrew Marino, City Attorney.

### **Invocation and Flag Salute**

Pastor Robert Varner, Rose Hill Bible Church gave the invocation, followed by the flag salute.

### **Approval of Minutes**

Motion by L. Diamond: To approve the 2/21/2017 Regular Council Meeting minutes. Second by R. Chappell with motion passing 5-0.

### Claims

Motion by R.Perryn: To approve the payment of claims for Appropriation Ordinance #5. Second by L. Diamond with motion passing 5-0.

### **Citizen Forum**

There we no citizens that spoke.

### Approval of Agenda

Motion by R. Chappell: To approve the agenda as presented. Second by R. Perryn with motion passing 5-0.

### Presentations

Sarah Unruh, PEC Water/Wastewater Division gave an overview of the NPDES permit changes and how it will impact the city.

Councilmember Baker asked that a request for fee waiver by the Historical Society be placed on the agenda, along with representatives from the Rose Hill Historical Society to present their comments before council.

Mr. Victor A. Hoistroom, President & CEO, KPTS, presented a formal request for support and partnership for consideration.

### Mayor's Appointment to Planning Commission

Motion by R. Perryn to approve the appointment of Jessica Atherton to the Planning Commission. Second by L. Diamond with motion passing 5-0.

### **Street Closure Application**

Motion by L. Diamond: To approve the request for Street Closing by Jason Jones for the Rose Hill Historical Society on May 6, 2017. Second by B. Baker with motion passing 5-0.

### **Consideration of Fee Waiver for Historical Society**

Motion by B. Baker: To approve waiving the permit review fee and increasing the amount of support from \$2,500.00 to \$5,396.00 which include monies for the cost of annual utilities. Motion died due to a lack of a second.

### Ordinance to Codify City Ordinances into Online City Code

Motion by R. Perryn: To approve Ordinance 655 to codify city ordinances into online city code. Second by L. Diamond with motion passing 5-0.

### **Approval of Work Order 17-02 Phosphorous Evaluation**

Motion by R. Chappell: To approve Work Order 17-02 in the amount of \$16,600.00 for the phosphorous evaluation. Second by L. Diamond with motion passing 5-0.

### **Contract Award for 2017 Street Maintenance Repair and Seal Projects**

Motion by L. Diamond: To approve the contract award to Circle C Paving & Construction, LLC, in the amount of \$256,892.92 for the 2017 maintenance repair and seal projects. Second by K. Mohr with motion passing 5-0.

### **Approval of Repair to Ford F550 Crane Truck**

Consensus of Council to proceed to have staff look at options for replacement.

### **Direction on 2018 Budget Project Priority List**

Consensus of Council to set a workshop for Monday, March 20, 2017, at 6:00 p.m.

### **Staff Reports**

Administrator Gilley updated the Council with the latest status report. No action was taken.

### Adjournment

Motion by R. Perryn: To adjourn the meeting at 8:20 p.m. Second by R. Chappell with motion passing 5-0.

Respectfully submitted:

Cindy Stone City Treasurer

### Rose Hill, KS

## 2017 Sewer financing analysis: City Council to discuss and decide direction

### March 20, 2017

**Background**: Addressing high utility payments is a priority for citizens of Rose Hill. At the same time, the City is faced with upgrading its treatment facility to meeting new NPDES permit requirements in addition to needing to rehabilitate many decaying lines. As part of the 2018 budget process, the City is scheduled for a utility rate review on May 15. Direction provided here will impact the rate analysis and budget. These options assume that the City Council would like to decrease monthly utility cost and proceed with repairing lines as presented by the City Engineer. City Financial Advisor John Haas plans to attend the meeting to help answer questions.

	Options	Additional Cost	Effect	Table Reference
1.	Add new General Obligation debt for pending projects	\$1,380,458	<ul> <li>Increases annual debt service by about \$28,000</li> <li>Increases \$1.38 monthly per customer)</li> </ul>	Tables 9-11
2.	Add new KDHE or USDA loan for pending projects	To be determined	To be determined, but would have lower additional cost with higher monthly cost per customer	-
3.	Refinance existing loans through General Obligation bonds	\$873,328	<ul> <li>Extends debt to 2036</li> <li>Saves money through 2028 in terms of annual debt service, after 2028 returns to current amount</li> <li>Decreases \$9.44 monthly per customer</li> <li>Adds to total debt expense by about \$580 per customer over the life of the loan</li> <li>Does not solve problem of funding pending projects, requires use of reserves/cash balance/delaying</li> </ul>	3-5
4.	Refinance existing loans through General Obligation bonds and add pending projects	\$2,148,870	<ul> <li>Extends debt to 2036</li> <li>Saves money through 2028 in terms of annual debt service</li> <li>Decreases \$5.55 monthly per customer</li> <li>Adds to total debt expense by about \$1,500 per customer over the life of the loan</li> </ul>	6-8

### **Disclaimer/Notes:**

- Existing sewer loans for this are considered 2007 and 2008 state revolving fund loans. See tables 1 and 2 for existing debt service on these two loans.

- Interest rates are estimated and subject to change.

- Using General Obligation bonds to finance sewer expenses would require a Charter Ordinance.

- Rate impacts presented here are estimates based on total cost and total number of customers. Actual rate analysis is to be determined.

Dr. Brian Hodes, DVM Property Owner 1060 N. Rose Hill Road Rose Hill, KS 67133

Dr. Hodes,

The Rose Hill Historical Society is planning to sell fireworks again this year to raise money for our organization. We are asking for your permission, as the new property owner at 1060 N. Rose Hill Road, to use the northwest corner of the parking lot at this location to set up our tent and sell fireworks. The dates we will be selling fireworks will be from June 27 thru July 4, 2017. We have 6 clubs that work the fireworks stand, in addition to members of the historical society, and are paid depending on the number of hours their members work. These 6 clubs are the B.E.S.T. Robotics Club, STUCO, Band, and the Drama Club, all from Rose Hill High School, Mrs. Boese with the Rose Hill School Libraries and the Friends of the Library representing the Rose Hill Public Library. We appreciate your consideration.

Sincerely, Rhonda Cooper Fireworks Committee Phone: (316)201-8660

I give my permission for the Rose Hill Historical Society to use the above-mentioned property to sell fireworks from June 27 thru July 4, 2017.

Dr. Brian Holes, DVM

# A RESOLUTION APPROVING THE MEMORANDUM OF UNDERSTANDING BY AND BETWEEN THE CITY OF ROSE HILL, KANSAS, AND THE ROSE HILL HISTORICAL SOCIETY.

**BACKGROUND:** The Historical Society started as a grassroots organization in an effort to preserve and promote the history of the Rose Hill community. The Society has evolved into a growing civic organization that operates and conducts community events and activities. As the organization has grown and continues to grow, the need has risen for more consistent and regular financial support to help augment the Society's fund-raising efforts. The City of Rose Hill (City) deems the Rose Hill Historical Society an integral part of the city at-large and that providing both financial and in-kind support is a public purpose and is in the best interest of the City and community. The City has provided support in the past, and all involved prefer the arrangement and expectations to be clearly defined in a memorandum of understanding.

# NOW, THEREFORE, BE IT RESOLVED BY THE GOVERNING BODY OF THE CITY OF ROSE HILL, KANSAS:

Section 1: The Governing Body approves the Memorandum of Understanding by and between the City of Rose Hill, Kansas, and the Rose Hill Historical Society.

Section 2: The Mayor, City Administrator, and City Clerk are hereby authorized and directed to execute a donation payment of \$2,500 to the Rose Hill Historical Society in the next accounts payable cycle and to incorporate a \$2,500 donation of the same into the 2018 proposed budget.

Section 3: The Mayor, City Administrator, and City Clerk are hereby authorized and directed to execute for and on behalf of the Memorandum of Understanding and any other documents necessary to effect the actions authorized herein.

Section 4: The memorandum may be amended by resolution as the Governing Body deems necessary. The memorandum shall be open to inspection and available to the public at all reasonable hours.

Section 5: Nothing in the memorandum shall prevent the City from modifying its participation to meet the needs of the City or the Rose Hill Historical Society as circumstances may arise.

Section 6: This resolution is effective immediately.

Passed and adopted this \_\_\_\_\_ day of \_\_\_\_\_, 2017.

# Memorandum of Understanding

# By and Between City of Rose Hill, Kansas; and the Rose Hill Historical Society

This Memorandum of Understanding sets forth the understanding between the City of Rose Hill (City) and the Rose Hill Historical Society (Society) for the City's sponsorship and support of the continued operation of the Historical Society as a civic organization.

# Background

The Historical Society started as a grassroots organization in an effort to preserve and promote the history of the Rose Hill community. The Society has evolved into a growing civic organization that operates and conducts community events and activities. The museum houses memorabilia, artifacts, and items relevant to the history of the community and its environs. In 2009, the City formally assisted the organization by helping to acquire, fund, and establish the Society's current physical location. The City also has made an annual donation to the Society. As the organization has grown and continues to grow, the need has risen for more consistent and regular financial support to help augment the Society's fund-raising efforts. The City has identified in City Council Resolution \_\_\_\_\_\_ that the Historical Society is an integral part of the city at-large and that providing both financial and in-kind support is a public purpose and is in the best interest of the City and community. This memorandum is intended to provide a baseline for the City's official support of the civic organization. This memorandum is not intended to confer any responsibility or expectations upon the Society for any specific performance of duty or to designate the Society as an official function of City Government.

# **General Nature of Support**

While this memorandum provides some details, it does not preclude the City from needing to modify, remove, or add items that may be in the best interest of the organization and are in line with established City policies. The overall nature of the support is financial only.

# **Transitional Support**

The City supports the Society's current effort to let voters decide whether or not taxes should be levied to more formally support the Society's efforts and to make the museum's services an official local government function. The Society is currently planning to ask through a petition and ballot question the voters in Unified School District 394. The outcome of this effort likely would be resolved for the Society's 2019 operating fiscal year.

# 2017 and 2018 Donation

To assist with the transition, it is the City's intent for City staff to automatically execute a direct financial donation of \$2,500 each year for 2017 and 2018 as soon as practical in the fiscal year but

no later than May 1. The Society acknowledges that this memorandum, however, is not a contract or guarantee of funds in accordance with the state and City's budget laws and processes – this is an expression of intent and not a binding obligation.

# 2019 and beyond

Depending on the outcome of the ballot question, the City and Society agree to revisit this understanding to assess the need for future support.

# **Other Donations**

The City agrees to consider other general, financial, and in-kind support upon a written request to the City Council by the Society that includes a reason, proposed plan, and proposed budget for the request.

# Additional Efforts

The Society agrees to continue its long track-record of strong volunteerism and solicitation of donations from every possible source through its ongoing fund-raising efforts.

# Duration

This understanding is at-will and may be modified by mutual consent of each entity. This memorandum shall become effective upon adoption by the governing boards of each entity and will remain in effect until terminated by any one of the entities, which may terminate this understanding by written notice to the other entity.

# **Contact Information**

For inquiries and actions related this memorandum, please contact the City Clerk and the officers of the Society's board.
